

Bible Memorization

“More than 4,500 Romanian youth wrote out the entire Bible in 29 minutes. *Each had memorized a Scripture portion* and copied it onto a three-quarter mile scroll in Bucharest’s Library Park September 12, Adventist News Network said. The event was organized by the Seventh-day Adventist Church’s youth organization to show respect for the Bible. ...A line of young people waiting to write snaked through the park’s avenues. ProTV, Romania’s national TV network, carried extensive reports of the event.

.... “Our youth wanted to demonstrate that the Bible means very much to them,” SDA Romanian president Adrian Bocaneanu said. “By taking the time to memorize whole sections of Scripture they are showing that the Bible is still very much alive and relevant to the needs of the modern world.”
